DESIGN DIV.

front

SUSPENSION MANTLE
Prevents shock to mantle, resulting in durability and long life

UNATTRACTIVE TO INSECTS
Unlike filament types, Gaslites create light on yellow band of spectrum, which almost eliminates bug problem

POST OR BRACKET MOUNTING
Versatile in application, can be post mounted or attached to wall with complimenting bracket

RETURN TO PATENT OFFICE

ADD TRADITIONAL CHARM . . .

PATIO . . . . Gaslite's soft light blends perfectly with the atmosphere of relaxed patio living. Gaslites are perfectly adaptable for pipe or post installation.

YARD . . . . Brighten up dark places, such as steps, walks, driveways, with Gaslites. Their low cost makes owning several of them easy. You'll save money, too, by using gas for this picturesque outdoor lighting.

PORCH . . . . Gaslites will enhance your porch or doorway, marking your home with distinction. Wall-bracketed Gaslite on your porch or by your door is best adaptable here.

ALL AROUND THE HOUSE . . . . Gaslites are perfect for keeping a light glowing on your premises all night . . . for lighting swimming pools or play areas . . . for adding traditional charm anywhere lighting is needed.
